EDUCATION

Indian Institute of Technology Patna

M.Tech in Computer Science and Engineering

Patna, India

July 2025 – Present

University Institute of Technology, Burdwan University

B.Tech in Information Technology

Burdwan, India

2021 – 2025 — CGPA: 9.67

PROJECTS

Ed-Tech Platform | *Node.js, ExpressJS, MongoDB, Razorpay API*

GitHub

- Designed and implemented a full-stack backend system for an online learning platform supporting course creation, user roles, and authentication.
- Integrated Razorpay API for secure payments and subscription management.
- Built RESTful APIs and followed MVC architecture for scalability and maintainability.

Video Chat Platform | *WebRTC, Socket.io, JavaScript*

GitHub

- Developed a real-time peer-to-peer video calling platform using WebRTC and Socket.io.
- Handled signaling, session initiation, and ICE candidate exchange using custom signaling server.
- Enabled browser-based video/audio communication without requiring external plugins.

Network Attack Detection using Machine Learning | *Python, Scikit-learn, Pandas, NumPy*

GitHub

- Developed a network intrusion detection system using both supervised and unsupervised ML techniques.
- Used classification algorithms to detect cyber attacks like DoS, R2L, U2R, and Probe.
- Evaluated model performance with metrics like precision, recall, F1-score, and confusion matrices.
- Trained on real-world datasets such as KDD CUP 99, NSL-KDD and CICIDS2017.

TECHNICAL SKILLS

Languages: C++, C, JavaScript, Python

Frontend: HTML5, CSS3, ReactJS, Redux Toolkit, TailwindCSS

Backend: Node.js, Express.js, MongoDB, MySQL

Libraries: NumPy, Pandas, Scikit-learn, Matplotlib

COLLABORATIONS

WALTZ Tech Team

April 2023 – May 2023

React Developer — College Fest Website [[GitHub](#)]

- Collaborated with 11 developers/designers to build the college fest website.
- Used **React.js**, **Bootstrap**, **axios**, **Git/GitHub** for development and version control.

POSITION OF RESPONSIBILITY

DSA Mentor

2024 – 2025

Coding Junction - Coding Club of UIT, BU

- Mentored junior students on problem-solving approaches and core data structures and algorithms (DSA) concepts.

Event Management Head

2024

SIH Internal Hackathon - UIT BU

- Managed event logistics including participant registration, scheduling, venue arrangements, and judge coordination. Collaborated with faculty and student volunteers to ensure smooth execution.

ACHIEVEMENTS

- Ranked 138 in Round 2 of CodeVita Season 11 [[Certificate](#)]
- Qualified GATE 2025 in Computer Science with a score of 735 and AIR 822 [[Scorecard](#)]
